## CONTENTS

- Chapter 1: Introduction to Psychology
  - 1.1 Introduction
  - 1.2 The Scientific Method
  - 1.3 Scope of Psychology

- Chapter 2: History of Psychology
  - 2.1 Early History
  - 2.2 Modern Psychology
  - 2.3 Psychology Today

- Chapter 3: Major Theories in Psychology
  - 3.1 Behaviorism
  - 3.2 Psychoanalysis
  - 3.3 Humanistic Psychology

- Chapter 4: Developmental Psychology
  - 4.1 Child Development
  - 4.2 Adolescent Development
  - 4.3 Adult Development

- Chapter 5: Biological Foundations of Behavior
  - 5.1 The Nervous System
  - 5.2 The Endocrine System
  - 5.3 The Immune System

- Chapter 6: Learning
  - 6.1 Classical Conditioning
  - 6.2 Operant Conditioning
  - 6.3 Cognitive Models of Learning

- Chapter 7: Memory
  - 7.1 Encoding and Storage
  - 7.2 Retrieval and Forgetting
  - 7.3 Memory in Children

- Chapter 8: Sensation and Perception
  - 8.1 Sensory Processes
  - 8.2 Perception
  - 8.3 Perception in Children

- Chapter 9: Attention
  - 9.1 Attention and Cognition
  - 9.2 Attention and Learning
  - 9.3 Attention in Children

- Chapter 10: Motivation and Emotion
  - 10.1 Motivation
  - 10.2 Emotion
  - 10.3 Emotion and Children

- Chapter 11: Developmental Psychology
  - 11.1 Developmental Theories
  - 11.2 Developmental Milestones
  - 11.3 Development in Adulthood

- Chapter 12: Psychological Assessment and Testing
  - 12.1 Assessment and Testing
  - 12.2 Personality Assessment
  - 12.3 Intelligence Testing

- Chapter 13: Psychological Disorders and Treatment
  - 13.1 Introduction to Disorders
  - 13.2 Assessment and Diagnosis
  - 13.3 Treatment Approaches

- Chapter 14: Psychological Disorders and Treatment
  - 14.1 Anxiety Disorders
  - 14.2 Mood Disorders
  - 14.3 Personality Disorders

- Chapter 15: Psychological Disorders and Treatment
  - 15.1 Cognitive-Behavioral Therapy
  - 15.2 Dialectical Behavior Therapy
  - 15.3 Psychodynamic Therapy

- Chapter 16: Ethics in Psychology
  - 16.1 Ethical Principles
  - 16.2 Professional Conduct
  - 16.3 Research Ethics

- Chapter 17: Research Methods in Psychology
  - 17.1 Experimental Design
  - 17.2 Non-Experimental Design
  - 17.3 Data Analysis

- Chapter 18: Theories of Personality
  - 18.1 Freudian Theory
  - 18.2 Humanistic Theory
  - 18.3 Trait Theory

- Chapter 19: Development of Intelligence
  - 19.1 Intelligence and Genetics
  - 19.2 Environmental Influences
  - 19.3 Intellectual Assessment

- Chapter 20: Psychological Health and Wellness
  - 20.1 Mental Health
  - 20.2 Stress Management
  - 20.3 Coping Strategies

- Chapter 21: Psychological Disorders and Treatment
  - 21.1 Attention-Deficit/Hyperactivity Disorder
  - 21.2 Autism Spectrum Disorder
  - 21.3 Intellectual Disability

- Chapter 22: Psychological Disorders and Treatment
  - 22.1 Depression
  - 22.2 Anxiety Disorders
  - 22.3 Eating Disorders

- Chapter 23: Psychological Disorders and Treatment
  - 23.1 Cognitive Behavioral Therapy
  - 23.2 Psychodynamic Therapy
  - 23.3 Biochemical Therapy

- Chapter 24: Psychological Disorders and Treatment
  - 24.1 Psychological Assessment
  - 24.2 Treatment Planning
  - 24.3 Outcome Evaluation

- Chapter 25: Historical Perspectives
  - 25.1 Early History
  - 25.2 Development of Psychology
  - 25.3 Contemporary Perspectives

- Chapter 26: Biological Foundations of Behavior
  - 26.1 Brain and Behavior
  - 26.2 Neurological Disorders
  - 26.3 Neuroplasticity

- Chapter 27: Learning and Memory
  - 27.1 Classical Conditioning
  - 27.2 Operant Conditioning
  - 27.3 Memory Processes

- Chapter 28: Attention and Cognition
  - 28.1 Attentional Processes
  - 28.2 Cognitive Control
  - 28.3 Memory Retrieval

- Chapter 29: Motivation and Emotion
  - 29.1 Motivational Processes
  - 29.2 Emotion Regulation
  - 29.3 Emotion Expression

- Chapter 30: Personality and Individual Differences
  - 30.1 The Big Five Personality Traits
  - 30.2 Personality Development
  - 30.3 Environmental Influences on Personality

- Chapter 31: Developmental Psychology
  - 31.1 Infancy and Early Childhood
  - 31.2 Middle Childhood
  - 31.3 Adolescence and Adulthood

- Chapter 32: Psychological Assessment
  - 32.1 Psychometric Assessment
  - 32.2 Clinical Assessment
  - 32.3 Treatment Planning

- Chapter 33: Psychological Disorders and Treatment
  - 33.1 Anxiety Disorders
  - 33.2 Mood Disorders
  - 33.3 Behavioral Disorders

- Chapter 34: Ethical Issues in Psychology
  - 34.1 Ethical Principles
  - 34.2 Professional Conduct
  - 34.3 Research Ethics

- Chapter 35: Research Methods in Psychology
  - 35.1 Experimental Design
  - 35.2 Non-Experimental Design
  - 35.3 Data Analysis

- Chapter 36: Psychological Health and Wellness
  - 36.1 Mental Health
  - 36.2 Stress Management
  - 36.3 Coping Strategies

- Chapter 37: Psychological Disorders and Treatment
  - 37.1 Attention-Deficit/Hyperactivity Disorder
  - 37.2 Autism Spectrum Disorder
  - 37.3 Intellectual Disability

- Chapter 38: Psychological Disorders and Treatment
  - 38.1 Depression
  - 38.2 Anxiety Disorders
  - 38.3 Eating Disorders

- Chapter 39: Psychological Disorders and Treatment
  - 39.1 Cognitive Behavioral Therapy
  - 39.2 Psychodynamic Therapy
  - 39.3 Biochemical Therapy

- Chapter 40: Psychological Disorders and Treatment
  - 40.1 Psychological Assessment
  - 40.2 Treatment Planning
  - 40.3 Outcome Evaluation

- Chapter 41: Historical Perspectives
  - 41.1 Early History
  - 41.2 Development of Psychology
  - 41.3 Contemporary Perspectives

- Chapter 42: Biological Foundations of Behavior
  - 42.1 Brain and Behavior
  - 42.2 Neurological Disorders
  - 42.3 Neuroplasticity

- Chapter 43: Learning and Memory
  - 43.1 Classical Conditioning
  - 43.2 Operant Conditioning
  - 43.3 Memory Processes

- Chapter 44: Attention and Cognition
  - 44.1 Attentional Processes
  - 44.2 Cognitive Control
  - 44.3 Memory Retrieval

- Chapter 45: Motivation and Emotion
  - 45.1 Motivational Processes
  - 45.2 Emotion Regulation
  - 45.3 Emotion Expression

- Chapter 46: Personality and Individual Differences
  - 46.1 The Big Five Personality Traits
  - 46.2 Personality Development
  - 46.3 Environmental Influences on Personality

- Chapter 47: Developmental Psychology
  - 47.1 Infancy and Early Childhood
  - 47.2 Middle Childhood
  - 47.3 Adolescence and Adulthood

- Chapter 48: Psychological Assessment
  - 48.1 Psychometric Assessment
  - 48.2 Clinical Assessment
  - 48.3 Treatment Planning

- Chapter 49: Psychological Disorders and Treatment
  - 49.1 Anxiety Disorders
  - 49.2 Mood Disorders
  - 49.3 Behavioral Disorders

- Chapter 50: Ethical Issues in Psychology
  - 50.1 Ethical Principles
  - 50.2 Professional Conduct
  - 50.3 Research Ethics

- Chapter 51: Research Methods in Psychology
  - 51.1 Experimental Design
  - 51.2 Non-Experimental Design
  - 51.3 Data Analysis

- Chapter 52: Psychological Health and Wellness
  - 52.1 Mental Health
  - 52.2 Stress Management
  - 52.3 Coping Strategies

- Chapter 53: Psychological Disorders and Treatment
  - 53.1 Attention-Deficit/Hyperactivity Disorder
  - 53.2 Autism Spectrum Disorder
  - 53.3 Intellectual Disability

- Chapter 54: Psychological Disorders and Treatment
  - 54.1 Depression
  - 54.2 Anxiety Disorders
  - 54.3 Eating Disorders

- Chapter 55: Psychological Disorders and Treatment
  - 55.1 Cognitive Behavioral Therapy
  - 55.2 Psychodynamic Therapy
  - 55.3 Biochemical Therapy

- Chapter 56: Psychological Disorders and Treatment
  - 56.1 Psychological Assessment
  - 56.2 Treatment Planning
  - 56.3 Outcome Evaluation

- Chapter 57: Historical Perspectives
  - 57.1 Early History
  - 57.2 Development of Psychology
  - 57.3 Contemporary Perspectives
